

Electrical Part for Forklifts

Forklift Electrical Parts - Forklifts can be particularly marked to be utilized in dangerous places. A labeled lift truck denotes the design has met the lowest requirements of ANSI/UL 558 intended for engine powered forklifts or ANSI/UL 583 used for electric forklifts for the type of label placed.

Applications for marked lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Areas of Use, Maintenance and Operation, and Type Designations. Ask your local insurance provider and Fire Marshall for additional info on the permitted uses of industrial powered trucks in your application.

If the forklift has been found to satisfy the outlined criteria, the following labels could be placed. A labeled truck will have the type designation located on the forklift nameplate and would have one of the following labels attached.
